RE: Annual Employee Compensation Report

Public Act 97-609 requires that employers who participate in the Illinois Municipal Retirement Fund (IMRF) make available a compensation report for employees who have a total compensation package that exceeds \$75,000 per year. Total compensation factors in salary, health insurance, housing allowance, vehicle allowance, clothing allowance, bonuses, loans, vacation days granted, and sick days granted. The report must be posted on the website.

Public Act 97-256 requires school districts to annually make available an itemized salary compensation report for the superintendent, all administrators, and teachers. The document shall include vacation days, sick days, bonuses, annuities, and salary enhancements. The report must be presented at a school board meeting, posted on the district's website, and submitted to the district's regional superintendent of schools.

Please feel free to contact me with any questions, comments, or concerns.
