

Final Preschool Plan for 1st Quarter (KSD Campuses) - Modified Phase 3 Plan

Dear Preschool Families,

We are very excited for the start of our school year. Our team has been working very hard to prepare our **Back to School Reopening Plan** that will support student learning and help to develop the foundational skills necessary for the success of our students. We are experiencing a unique time and this pandemic has forced us to alter our traditional classroom settings and practices. Our goal for the upcoming First Quarter is to support your child in the following areas listed below. We need your support now more than ever and want to partner with you to ensure a positive experience for all. If you have any questions after reading our plan below, please do not hesitate to contact our main office at (815) 802-4954.

- Classroom Teachers and Caseloads for student placement will be determined by the Tiered level of services needed to support our students. To accommodate social distancing, each classroom will have a reduced class size.
- All students will receive remote learning. However, students who are participating in the blended model will have the opportunity to attend school for in-person learning on a flexible schedule during the first quarter. In addition, we are also offering limited spots for students who need Full - Time Academic Childcare based on employment needs.
- Every Monday is a Flex (Colloquium) Day - Students working with teachers and teachers working with each other.
 - AM - Tier 3 services will be offered to students in the form of in person learning and Tier 2 services will be provided via Zoom with Family Support Staff/Mental Health/Instructional Coaches
 - PM - There will be Building Designated Time or Professional Development for Teachers and Staff
- Linked In Support:
 - First 3 weeks of school
 - Parents come in to learn technology and software
 - Students come in for Beginning of Year Assessments and Screeners
 - Instruction begins August 24th
- Transportation
 - Students in preschool programming will still receive Door to Door Transportation
 - Students will have their temperature taken prior to boarding the school bus. If their temperature is above 100.4, they will not be allowed to come into the building for in-person instruction that day.
- Sanitation Needs and Cleaning

- Sanitation will occur in classrooms from 11:00am -12:00pm daily in all student classrooms that have separate AM and PM Sessions.
- Sanitation will occur in classrooms again at the end of the instructional day.
- Sanitation will occur in restrooms and on playground areas.
